DESIGN
TEAM

Visionary thinking -- to create values that Last. Conserving what's valuable -- while develop--ing ideas for the future. we shape the future of the bathroom by thinking beyond the individual products. We are in a constant creative dialogue with product designers, interior designers and archi--tects. We promote creativity and make space for the development of visionary collections and in--novative concepts where function is brought into balance with the need for soothing comfort and personal fulfilment--both now and in the future.

CARING BY HEART

Our designer is endeavored to find a path balanced between elegance and personality.
The idea is simple but not easy, elegance but not extravagance, nostalgia but not sorrow.
Although bathroom is not alive, we have vitalized it with lots of stuff to be memorized.

VISUAL SENSE

The pursuit of top quality and visual experience, simple and plump lines, beautiful and detailed outline of life's simple classic bears the traces of Jishi Pu's. From one story to another story that can touch the timeless classics, and can not speak, can not be described, can not be determined, only a little reflection, the kind of aesthetic classic, noble and extraordinary.

CIRCULAR

Say goodbye to tedious heterogeneous, leaving the plain. Simple is to abandon but also to harvest. Simplicity let us return back to nature, and make us feeling inclusivity. If you know the meaning of simplicity by heart, it is not difficult to understand the implication of the saying "autumn comes with the falling leaves".
